

# YOU'VE PREPARED

*For This*

**MO**

**AT THE UNIVERSITY OF KENTUCKY, OUR STUDENTS HAVE  
BIG DREAMS - BOLD DREAMS - JUST LIKE YOU.**

We know you are ready for this moment, for the opportunity to make your dreams a reality.  
We are, too. It's why we're here.

Our 200+ academic programs mean that whatever you want to do, you can do it at the University of Kentucky. And you'll do it all in a community - the Big Blue Nation - who will challenge you and cheer you on along the way. A UK degree is much more than a piece of paper; it reflects an all-encompassing educational experience that has prepared you to do anything, go anywhere and make the world a better place.

We are here to ensure your university experience pushes you to fulfill your wildest ambitions and celebrates the friendships, internships, championships - and all the moments in between - that makes your time at UK special.

WITH THE FULL COMPLEMENT OF LIBERAL ARTS, ENGINEERING, PROFESSIONAL, AGRICULTURAL AND MEDICAL COLLEGES AND DISCIPLINES ON ONE CONTIGUOUS CAMPUS.

# The MOMENT INSPIRATION HITS

Casey Carter's love of science began at a young age.

"I remember being in fifth grade, traveling to competitions and participating in Science Olympiad," Casey said. "Science has always been my favorite subject. In elementary school, I wanted to be a meteorologist, but that expanded into different aspects of science as I grew older."

In middle school, her family moved to South Carolina, and once again science pushed to the forefront of her academic endeavors. "In eighth grade, one of our final projects had us participate in the local science fair. At the time, I was interested in athletic training, so I focused my research and project on preventing concussions in football."

"My idea was adding a part to the helmet - kind of a padded collar designed to disperse the kinetic energy or force on the brain stem. I made my prototype out of materials I had at home and tested it on a 'brain replica' - an inflated bag with eggs in it."

And Casey's idea worked. She continued to refine her prototype throughout high school and presented her research findings at local, regional and, ultimately, the National Science Fair.

That's when the Mouse called - Mickey Mouse.

In 2018, Casey was invited to participate in the Disney Dreamers Academy, a four-day immersive experience where she shadowed the doctors and practitioners at Disney. "The Dreamers Academy helped validate my dreams and allowed me to network with students from across the nation with big dreams and goals for their future."

She found a similar community - one that could support her aspirations - at the University of Kentucky.

"I wanted to ensure that I had growth over my four years in college, and I felt like UK could do that in all aspects I was looking for - academics, social life and networking. I fell in love with my program and there was really no comparison in programs at any other university to what I found here. I also fell in love with Lexington and from my first visit it felt like home away from home."

A home that's preparing her to pursue her dream of becoming a physician.

“People are kind of shocked with the amount of opportunities I’ve had as an undergraduate. I do research in my college - shadowing and internships - doors at UK that would not be open to me at another institution. I feel like every opportunity I’ve had is preparing me for various aspects of who I aspire to be as a woman and a professional. There are so many possibilities - clubs and organizations, faculty support, the environment as a whole. That’s what I love about UK the most.”

## Casey Carter, '23

Columbia, S.C.  
College of Health Sciences

# THE MOMENT WHEN CURIOSITY *and* EXPERTISE MEET

As a two-time UK graduate, Olivia Davis, associate director of the Von Allmen School of Accountancy and lecturer, still cannot believe she gets to make the kind of impact on her students that her professors made on her.

"My teaching philosophy is to be there - where the students are - understand, get to know them so I can deliver what each of them needs," Professor Davis said. "I don't believe that there is one right answer, and I believe that there isn't one right answer because everyone is different."

What does every student have in common?  
The ability to make an impact.

"What I want my students to understand is that they have a lot of power to change lives of not just them and their families, but of their communities. Taking what students learn in my class and helping them see the connection to how they can impact other people is what I hope motivates them to push through difficult or boring or whatever challenges that face to get that outcome on the other side."

NFL Draft - Jacksonville Jaguars

"When visiting UK, I really fell in love at first sight. I got my undergraduate degree in mechanical engineering, but when I got the opportunity to pursue a master's degree, I took it because I wasn't ready to leave and was excited to focus on a specific aspect of engineering. Dr. Alexandre Martin took me under his wing. In a similar fashion as mechanical engineering, I dove into aerospace engineering and really fell in love. And you know, who doesn't like to say, 'I'm working on research related to space.'"

# MADE FOR THIS MOMENT

At UK, we don't just say we put students first in everything we do - we put our words into action. In the last 10 years alone, we've spent \$3.1 billion transforming campus to have everything you'll need to do all the things you never thought you could.

When you walk in your residence hall and first meet your roommate or meet up with your study group at the Gatton Student Center, you're walking into spaces that have been carefully crafted with your success in mind.

Where the UK community hangs out, lives and studies on campus are some of the newest facilities in the country and are full of all the amenities - comfy furniture, tons of spaces to charge all your devices, and great snack and dining options.

Some of the newest and most modern residence halls in the Southeastern Conference - yeah, we have those, too.

They're also home to the student organizations and clubs where acquaintances become family and the resources and support services to help you academically, socially, financially and your mental health and well-being.

The University of Kentucky is a community, a family here to support you every step of the way.

## WILDCATS!

“Considering the number of students enrolled at UK, I was certain that I would only become close with a select group of friends. I could see myself building that strong community from the get-go but was surprised just how big it could and would grow to be. I know that on a walk to and from class and around campus there are always friendly faces surrounding me, and that is thanks to the abundance and variety of organizations that have allowed me to form these friendships.”

# THE MOMENT YOU KNEW This is Home ★

Tanner Thompson grew up in Monticello, Ky., the son of a high school football coach, so he frequently trekked to Lexington with his dad for UK home football games. He thought he knew what campus was like, but it was his campus tour that was the pivotal moment for him.

"Touring UK, I felt so at home on campus," Tanner said. "The residence halls were amazing, the buildings were beautiful and everyone on campus I interacted with was so friendly. There's a close-knit community feel that truly defines UK. I knew it was the place for me."

That sense of belonging that Tanner felt on his tour has continued throughout his UK experience.

"When I toured campus, I thought it was a huge place, but after arriving on campus, it really feels like home. I am rarely in a place where there are not familiar faces, I have great relationships with my professors and it is extremely easy to get involved," Tanner said.

Tanner's best advice for getting connected at UK - live on campus.

"While living on campus, I loved the sense of community that you were able to develop in the halls. Especially as a freshman, you are surrounded by people that are trying to navigate the same new waters that you are. As a first-generation student, I found a sense of comfort in my living learning community. Not to mention, the accessibility to all the services that campus has to offer."

**THE SWEET**

# *moments*

**OF VICTORY**

Athletics are an exciting aspect of college life, and as a member of Big Blue Nation, you'll be part of a powerhouse program in one of the country's top conferences - the Southeastern Conference. UK's 23 varsity sports have become synonymous with championships.

Whether it's the historic men's basketball program or the 2020 national champion women's volleyball team, back-to-back 2021, 2022 rifle national championship team or 2022 SEC women's basketball tournament champions, the goal every year is simple: compete for and win conference and national championships. And as a student you can take in all the action with

tickets that range in price from free to \$11. That's a golden opportunity you'll want to take advantage of!

And speaking of golden, did you know that 22 athletes with UK connections competed in the 2020 Tokyo Olympics bringing home a school-record 12 medals? Fencing, track and field, rifle and men's basketball all featured medal-winning Wildcats. It's always exciting cheering on the Wildcats - blue body paint is optional, but screaming and cheering are not.

**“UK football games are my favorite! There's so much energy and excitement. The hair stands up on my arms just thinking about everyone cheering on our team together - showing so much love and passion for our Wildcats!”**

# NEVER A DULL moment

Getting involved in a student organization is not just fun and games (though they are a lot of fun); it's about making you happier and more successful. Research shows that students who are involved with a student organization are more connected to their university and perform better in the classroom. And with more than 550 student organizations, there's an activity for you at UK.

Join an intramural team, even if you're not an athlete. Give back through organizations like DanceBlue, a 24-hour no sitting, no sleeping dance marathon to raise money for UK's Pediatric Hematology/Oncology Clinic. Or take part in academic, social, religious, cultural, arts, media, political, activism, Greek life or other special interest groups to name a few.

Get involved - and earn some money - by getting an on-campus job. UK's student employment team will help you find a job that works with your course schedule.

“I’m lucky to have found several student organizations that I am passionate about. Being on the pre-med track, Medicats has allowed me to hear from numerous doctors about their experiences in the medical field and tips on how to reach my goal of becoming a doctor. As a member of Greek life, my sorority has made a huge impact on my experience at UK and given me a lifelong group of friends to experience life with. But most importantly, both organizations have helped me make connections to students with similar goals so we can support one another.”

# THE MOMENTS THAT MAKE MEMORIES

LEXINGTON

**IT'S PRETTY EASY TO SEE WHY LEXINGTON IS A GREAT COLLEGE TOWN.** Nestled in the heart of Kentucky's Bluegrass Region, Lexington is a vibrant, friendly community of a little more than 330,000 and has the amenities of a bustling city, wrapped in small-town charm and surrounded by rolling hills and beautiful horse farms. Our hometown has a close connection with the University and a culture that students describe as close-knit, eclectic, opportunity-rich and supportive of all things local. Lexington is also within a day's drive of two-thirds of the country's population, making it an ideal college location that's not too far away from home.

# THE MOMENT YOU DECIDE TO MAKE A DIFFERENCE

“I want to help kids realize this world is so much bigger than their worst problem. You’re bigger than that moment.”

**Tyran**  
**Price, '22**

Chicago, Ill.  
College of Social Work

In life, there are wins and losses. A win doesn't always equal success and a loss doesn't necessarily equate to failure. Instead, Tyran Price believes it's what we gain from those experiences, and how you use them to learn and grow, that defines true victory.

Growing up on the Southside of Chicago, he would watch as unsolved problems compounded - creating layers of trouble for others around him.

"Where I'm from, a lot of kids like me don't make it to 18," Tyran said.

That inspired Tyran's purpose, to do more, be more for himself and others - to be a catalyst for change. So Tyran turned to education.

"I wanted to work in the field of juvenile delinquency and bring about change for those in the system. I thought law school was the answer, so I took all the necessary steps to go. But when I really sat down and thought about it I wondered, 'can I change the mindset of youth by being a lawyer?'" Tyran said.

Deciding that his original plan wasn't the route he wanted to go, Tyran made a new plan - social work.

"I dug into social work and discovered that I could really cognitively help youth understand what was happening to them. I was drawn to the program at UK through Dean Miller; I thought here I could learn how to expand myself and grow from a diverse group of people," Tyran said.

"Literally I was sitting in my first social work class and was like 'whoa, I love this.'"

Now with his master's degree in social work in hand, Tyran will use his UK education and experiences as he continues his never-ending pursuit to create change.

# VISIT CAMPUS

**Come see the nearly \$3.1 billion transformation of our campus** through your own eyes. From residence halls and academic buildings, to dining halls and a new state-of-the-art student center, we've designed a campus for your success. It's easy to register for a tour - check out our website to see up-to-date visit offerings and available dates. Reserve your spot as soon as possible as space is limited.

**We have lots of tour options and can't wait to customize a visit just for you including:**

- Walking tour with admission information session
- Academic college visit
- Self-guided tours
- Diverse student visit
- First-generation student visit
- Virtual visit

[visit.uky.edu](http://visit.uky.edu)

“During the college search process, I had no clue where I wanted to go to school. I toured more than 10 schools and could not find the place where I belonged. The last school I toured – at the end of March of my senior year – was UK. I stepped foot on campus and instantly knew I'd be calling this place home for the next four years. When I arrived, moving 10 hours away from home didn't seem scary. It felt like I mattered and that everyone wanted me to succeed.”

**JEREMY MIDDLETON,** '22, Salisbury, Md., College of Communication and Information

# This is YOUR MOMENT TO BECOME A WILDCAT

## ADMISSION REQUIREMENTS

Incoming freshmen should have the high school preparation necessary for academic success at the college level. To be eligible for consideration at UK, an applicant must have successfully completed high school courses/pre-college curriculum as a minimum by the end of their senior year.

For the complete list of pre-college curriculum

## APPLICATION REQUIREMENTS

Complete our combined application for undergraduate admission, academic scholarships and the Lewis Honors College. Application is available online at [applyuk.com](http://applyuk.com). UK also accepts the Common App.

### COMPLETED APPLICATIONS MUST INCLUDE:

- High school transcript
- Application processing fee (\$50 domestic; \$60 international)
- ACT/SAT score(s) - ACT code: 1554  
SAT code: 1837 (optional)

The University of Kentucky is test optional through the 2024-25 academic year. This will allow most freshman applicants the option to be considered for admission without submission of ACT or SAT scores. The Office of Undergraduate Admission is able to evaluate most applicants for admission and scholarships without the use of test scores reviewing the rigor of high school coursework, activities and engagement outside the classroom as well as a written essay. Learn more about our test-optional policy at [go.uky.edu/testoptional](http://go.uky.edu/testoptional).

Students who wish to submit a standardized test score may request official scores be sent directly from the testing agency to UK or scores displayed on the official high school transcript will be considered. UK does not superscore.

Check your application status at [go.uky.edu/status](http://go.uky.edu/status)

## IMPORTANT DATES AND DEADLINES

### AUGUST 1

Application for undergraduate admission opens. Apply online using the UK application or the Common App at [applyuk.com](http://applyuk.com).

### MID-TO-LATE SEPTEMBER

Early Action students begin receiving admission decisions. Early Action applications for admission are processed on a rolling basis after the student provides all documentation needed for the decision. Once admitted, students may begin applying for Campus Housing. The application is available at [go.uky.edu/housingapp](http://go.uky.edu/housingapp).

### OCTOBER 1

The FAFSA (Free Application for Federal Student Aid) opens for all students. Apply online at [FAFSA.gov](http://FAFSA.gov). Use UK's school code, 001989, on your application. All students are encouraged to complete the FAFSA and apply for aid as soon as possible as funds are awarded on a first-come, first-serve basis.

### DECEMBER 1

Early Action Application Deadline. Students who want to be considered for academic scholarships and/or the Lewis Honors College must apply by this deadline. Scholarship applications are reviewed and awarded based on the order in which a completed application is received. For the greatest opportunity, students are encouraged to apply to UK as soon as possible. For complete scholarship offerings, visit [uky.edu/academicscholarships](http://uky.edu/academicscholarships).

Early Action applicant FAFSA submission priority deadline. The University continually accepts FAFSA applications; earlier submissions have greater financial aid options as funds are limited.

### FEBRUARY 15

Regular Decision Application Deadline and FAFSA priority deadline. Regular Decision applications for admission are processed on a rolling basis after the student provides all documentation needed for the decision. The University continually accepts FAFSA applications; earlier submissions have greater financial aid options as funds are limited.

Early Action applicant Housing, Dining and Living Learning Program application deadline.

Early Action admission applicants can choose to apply by the Early Action track for Housing, Dining and LLPs or apply by the Regular Decision track deadline of June 1.

### MAY 1

Deadline to accept admission to the University of Kentucky. To confirm a spot at UK, students must register for a Big Blue Nation Orientation and pay the orientation fee and enrollment deposit. Detailed instructions are available in the student's acceptance package.

The orientation fee and enrollment prepayment are non-binding until May 1. If the deadline falls on a weekend, the application will remain open until 11:59 p.m. (Eastern time) on the following Monday.

### JUNE 1

Regular Decision applicant Housing, Dining and Living Learning Program application deadline.

Housing prepayment deadline for both Early Action and Regular Decision track applicants.

The housing application and housing prepayment are non-binding until June 1. If the deadline falls on a weekend, the application will remain open until 11:59 p.m. (Eastern time) on the following Monday.

## ANNUAL TUITION AND FEES

### 2022-23 RATES\* TUITION AND FEES

Resident: \$12,859  
Non-Resident: \$32,276

### ROOM AND BOARD\*\*

Resident: \$14,656  
Non-Resident: \$14,656

### TOTALS (BY SEMESTER)

Resident: \$27,515  
Non-Resident: \$46,932

\*Rates for 2023-24 are subject to Board of Trustees approval.

\*\*The room and board amount is an estimate based on the average price of all room types and all access white dining plan. A student's actual cost may be lower or higher depending on room-style or type selected and chosen dining plan option.

## ESTIMATE YOUR COST OF ATTENDANCE

[go.uky.edu/calculator](http://go.uky.edu/calculator)

Use our Net Price Calculator to estimate your cost of attending UK, including tuition, fees, housing and dining costs against any scholarships and/or financial aid you may be eligible to receive.

## FINANCIAL AID

[uky.edu/financialaid](http://uky.edu/financialaid)

A great education should be accessible to everyone. If you have the desire and the drive to attend UK, we want to work with you to make that happen. We are making efforts that lead the country in lowering costs, eliminating unmet financial need and creating the support necessary to dramatically increase student success. The FAFSA for 2023-24 will be available beginning Oct. 1, 2022, at [fafsa.gov](http://fafsa.gov). Incoming freshmen who are admitted to UK and complete the FAFSA prior to Dec. 1, 2022, will receive an early estimated financial aid notification.

### GRANTS

Grants may be awarded based on financial aid from federal, state, University of Kentucky and private sources. Grants do not have to be repaid.

### STUDENT LOANS

There are many types of loan programs to assist students in paying for college. These include Subsidized and Unsubsidized Federal Direct Student Loans, Parent PLUS Loans and private loans. Because loans must be repaid, only borrow what you need.

### FEDERAL WORK-STUDY

On average, students who work less than 20 hours per week perform better in school than their non-working peers. Federal Work-Study provides students with part-time, on and off campus employment and are paid bi-weekly based on the hours worked.

### VETERANS RESOURCE CENTER

[www.uky.edu/veterans](http://www.uky.edu/veterans)

The University of Kentucky Veterans Resource Center provides information and assistance to veterans and active-duty military who want to attend UK. Contact the VRC for information regarding aid available to veterans.

## SCHOLARSHIPS

[www.uky.edu/academicscholarships](http://www.uky.edu/academicscholarships)

### NEED-BASED AWARDS

Deadline: February 15  
[go.uky.edu/needbased](http://go.uky.edu/needbased)

To be considered for need-based aid, you must apply to UK and file a FAFSA. Need-based aid includes grants, loans and Federal Work Study.

### OPPORTUNITY-BASED AWARDS

Deadline: February 15

To be considered for opportunity-based aid, you must apply to UK and file a FAFSA. Opportunity-based aid comes in the form of scholarships, and both need and academic merit are considered.

### SCHOLARSHIP UNIVERSE

[uky.scholarshipuniverse.com](http://uky.scholarshipuniverse.com)

ScholarshipUniverse is an online scholarship platform that matches students to relevant, vetted external scholarship opportunities, as well as internal scholarship offers by university colleges and departments. Check with your college of interest regarding their specific scholarship procedures and deadlines. Contact and other information for the various UK colleges opportunities can be found at [go.uky.edu/deptscholarships](http://go.uky.edu/deptscholarships). Each external scholarship opportunity a student sees on SU has gone through an extensive vetting process to ensure the scholarship is offered through a reliable and authentic source.

### LEGACY TUITION PROGRAM

[go.uky.edu/legacy](http://go.uky.edu/legacy)

Through the Legacy Tuition Program, the University of Kentucky offers partial tuition awards to eligible non-resident undergraduate children of UK graduates.
